Welcome to Term 2. Well last term was a short yet a busy term for all the students in the Art Studio. All the children enjoyed exploring making marks and creating masterpieces using various techniques. This is a longer term and the children are excited to get stARTed!

ART SMOCKS
The students have been terrific at remembering to bring their named art smocks and place them in their class art tub. There are however, a few students that still have yet to bring one. Please ensure that your child has a smock (could be an old shirt) to prevent their uniform from getting paint or glue on it.

DONATIONS
Thank you to the families who continue to donate resources. Buttons (donated in clean containers), magazines, coloured paper or cards, wool, fabrics, wire coat hangers, kitchen cardboard rolls, ‘unused’ egg cartons and clean meat trays are always welcome. Many thanks once again for all your support!

TERM TWO IN VISUAL ARTS
A message from Mrs Katsigiannis
Students this term will explore paper construction techniques to create their own art pieces. Artists from all levels will continue to be encouraged, to reflect (respond) on their art work and those of others, using Art language.
Our whole school QUEST topic for this term is “Sustainability” and this will be integrated into various sessions during Visual Arts.

LEVELS 5 & 6
In Levels 5 & 6, paper techniques will be used to create a mural depicting a natural disaster.
In addition, as part of exploring and comparing artists and art pieces, the senior students will continue to discuss research and look at different types of artists, along with various art styles and art periods of time.

LEVELS 3 & 4
Construction and printing based on the topic of endangered animals will be our focus.

LEVEL 1 & 2
Levels 1 & 2 will be creating 3D structures using various medium and manipulate paper and recycling materials in order make their creatures.

A message from Ms Ilana Tusia
Foundation will also be integrating and exploring the Inquiry topic of Mini beasts. We will be using various materials and modes to create representations of different creatures. We will revisit the primary colours, secondary colours and will learn about warm and cool colours.
