School Vision: Our vision is to be a connected community learning, growing and achieving together.

Purpose: To maximise student learning through building a desire for personal excellence, a high sense of self-worth and a love of learning.

Where Legends Begin

Our School Values:
- Resilience
- Responsibility
- Respect
- Optimism

Our School Commandments:
- Be your best
- Believe in yourself
- Love learning
- Care for yourself, others & the environment
- Always stay positive and never give up

FROM THE PRINCIPAL

A Supportive School Community
I have just returned to school after attending the funeral of Deb Hong’s son Caleb. This has, once again been a difficult time for the school community and we have certainly had our fair share of tragedy in 2015. What becomes very clear at difficult times such as these however is how our community pulls together and provides support for one another. Current and past staff, current and past parents, and current and past students attended the funeral, showing their support for Deb and Bryce today. I also know that there were other members of our community (staff, parents and students) whose thoughts were with Deb and her family.

Thank you all for the care and support you have shown Deb and the staff at this time. I believe that the mark of a truly supportive community comes when times are difficult and not when they are easy. This has been evident for Camelot this year – so again, a heartfelt thank you.
Assessment and Reporting
Our teachers at Camelot are currently writing reports for students. Not only does this involve a great deal of analysis of student results and writing work from the classroom and specialist teachers, but teachers also ‘buddy read’ another teachers reports. These are then checked by myself and Ms Thomas, signed when complete and then sent home. We really work hard to ensure that this is a valuable and informative document for parents and students.

Foundation Enrolments
If you are a current family of the school and have another child starting Foundation in 2016, please don’t forget to get your enrolment form in. We start planning very early for our 2016 Foundation students and to help us with consideration of numbers, early receipt of enrolment forms is incredibly helpful. So if you haven’t already done so, download an enrolment from the website or pick up a form from the office. Confirmation letters will be sent out at the end of this term and we have a high level of interest to date.

Open Door Policy
Helen Thomas (Assistant Principal) and myself have an open door policy which means we are more than happy to talk to you about any concern you have or to hear wonderful things about the school or your teachers. Please remember also that the classroom teacher should be your first point of call if your query is regarding the classroom program. You can catch us in the yard before or after school, pop in or make an appointment with the office.

Let’s Celebrate
- The amazing group of students who went on tour to New Caledonia last week. They certainly represented Camelot beautifully, the school is very proud of you and you deserve to be proud of yourselves.

All the best for a positive week,
Kirrily George
Principal
George.kirrily.j@edumail.vic.gov.au

FROM THE ASSISTANT PRINCIPAL

Welcome back from Noumea
What a wonderful 8 days we had in New Caledonia. Ten Level 5/6 students attended the overseas tour with Mrs George, Ms Thomas (me!), parent helpers; Richard Janssen and Ellen Chai. It is really quite hard to single out a favourite day as really all the sights and experiences we had were fantastic. I am sure everyone will have different highlights but for me it was the day trip to Amadee Island (located 24 kms off the coast of Noumea), we went in a glass bottomed boat and saw some amazing fish and turtles, we also went in the big boat out to the reef. A traditional Polynesian lunch and dancing and singing performance topped off the day. The weather was great; it averaged 25 degrees each day. We didn’t wear a jumper for the entire trip. I also really enjoyed the visit to the James Cook International School and the afternoon we spent at Parc de Forestier. Thank you so much to Richard and Ellen for all their help. The students should also be proud of the way they participated in all the activities and congratulated on representing Camelot Rise PS in such a positive way.

We would also like to thank Ms Amanda Curtain and Mr Craig Irvine for stepping in as Acting Principals whilst Kirrily and I were away. They did a great job keeping the school operating as usual.

World Environment Day
Last Friday was World Environment Day. It is held each year on June 5. It is one of the principal vehicles through which the United Nations (UN) stimulates worldwide awareness of the environment and enhances attention and action.

What do people do?
World Environment Day is celebrated in many ways in countries such as Kenya, New Zealand, Poland, Spain, United States and Australia. Activities include street rallies and parades, as well as concerts, tree planting, and clean-up campaigns. In many countries, this annual event is used to enhance political attention and action towards improving the environment. This observance also provides an opportunity to sign or ratify international environmental conventions.
Early next term our environment group are planning a school event for National Tree Day. Planet Ark is celebrating 20 years of planting trees and urging Australians to volunteer as a site coordinator for National Tree Day on Sunday 26 July. More information on how you can get involved in your area can be found at http://treeday.planetark.org/ Our school will participate in the Schools Tree Day on Friday 24 July. Stay tuned for more information closer to the event.

**Nude Food**
We encourage all students to participate in Nude food lunches at Camelot Rise. Each week the teachers will select one day in the week when they will take a tally of how many students in the class have a nude food lunch (no wrappers in their lunch box) and award a point to that student. The day can vary week to week when the results are tallied up but we still encourage the students to come each day with a Nude food lunch. Members of the environment group collect up the class results at the end of each week and announcements are made at assembly.

**Life Education**
The Life Education Van will be onsite at CRPS from Wednesday 10th June – Wednesday 17th June. All classes across the school will participate in Life Education. The primary school program consists of 13 curriculum based modules aligned to the Australian Curriculum/ AusVELS, focusing on issues around food and nutrition, personal safety, physical activity, cyber safety, safety with medicine and legal drugs; tobacco, alcohol and caffeine. The program provides students the opportunity to develop strategies, and practice the skills required to avoid the harms associated with an unhealthy lifestyle.
By taking a comprehensive approach to drug and health education our modules help children to develop relationship skills, positive communication (both face to face and online), problem solving and decision making skills. Thank you to Mr Cam Stillman for organising this for the school.

**Planning Week Monday 15th June- Friday 19th June**
Next week will be planning week. The following arrangements are in place: Monday- Level 1/2 Team, Tuesday- Level 5/6 Team, Wednesday- Level 3/4 Team, Thursday- Foundation Team and Friday- Specialists Team. A separate timetable will operate for this week. Your child’s class will be covered by specialists all day on the allocated planning day. This planning time allows for teams to plan the curriculum and other events for Term 3.

**Maths Olympiad**
A couple of weeks ago Camelot Rise PS students participated in the first Olympiad for 2015.

**What is Maths Olympiad?**
The annual Australasian Problem Solving Mathematical Olympiads (APSMO) has started for 2015. The Olympiad consists of 5 separate contests, one contest per month from May to September. At Camelot Rise Primary School we have two teams registered. Both Ms Stavrou and Mr Heys maths groups participated in the first Olympiad last week. Students compete on an individual basis and must complete each of the five contest papers to be eligible for awards. Team scores are calculated after the 5th contest by the sum of the top 10 overall student scores within the team.

Aims of the APSMO (as stated on the website):
- To introduce students to important mathematical concepts
- To teach major strategies and develop flexibility for problem solving
- To foster creativity and ingenuity and strengthen intuition
- To stimulate enthusiasm and enjoyment for mathematics
- To provide for the satisfaction, joy, and thrill of meeting challenges

For more information on the Maths Olympiad please go to: http://www.apsmo.info/apsmo_v2/APSMO_AboutTheOlympiads.php

Thank you to Mr Heys and Ms Stavrou for ensuring students at our school have an opportunity to be involved.

Ms Helen Thomas
Assistant Principal

Noumea Study Tour 2015
The Nationally Consistent Collection of Data on School Students with Disability (NCCD)

The Nationally Consistent Collection of Data on School Students with Disability (NCCD) is a ‘point in time’ annual count of the number of students with disability receiving educational adjustments to allow them to participate in education on the same basis as students without disability. The Data Collection Model uses a broad definition of disability, as defined by the Disability Discrimination Act 1992, which includes a range of health and learning conditions for which schools are required to provide reasonable adjustments to support students. The collection is not limited to students with diagnosed disabilities or students who receive targeted supplementary funding.

The collection relies on the professional judgements of teachers about their students, and requires them to make evidence-based decisions about adjustments, consistent with obligations under the Standards.

Schools will collect and report on:

- a student’s level of education (i.e. primary or secondary)
- a student’s level of adjustment; and
- a student’s broad type of disability.

No personal or identifying details are collected and the data collected by schools is aggregated. The names of students and any student identification numbers are not transmitted to the Australian Government Department of Education and Training as part of the reporting.

The NCCD will provide the Commonwealth and State governments and all schools with a better understanding of their student population and how students with disability are supported. The data collected by schools will inform future policy and program planning in relation to students with disability and support principals, teachers and other school staff to assist students with a range of complex needs, and their families. The Education Council of Education Ministers has also indicated that it believes the collection may inform future funding arrangements.

If you do not wish for your child to be included please contact the Principal (in writing) by the end of Term 2.
Visiting Primary School Nurse Health Visit for Foundation Students

As the Visiting Primary School Nurse for Camelot Rise Primary School, I have had the pleasure of meeting many of the foundation students in this past week. In response to the School Entrant Health Questionnaire parents completed earlier in the year, I have assessed foundation students and will be providing reports via email, if an email address was provided on the questionnaire. Bear in mind, that not all students required assessment, it being dependant on your responses to the questionnaire.

These emailed reports should arrive to your inbox by the end of the next week. Within this email will be my contact details for any discussion or queries regarding your child’s health, so please feel free to contact me.

Caryn Pearson
Visiting Primary School Nurse

SchoolMate App

The Department of Education and Training has released an App which is designed to help you better understand the curriculum we use to teach your children every day.

The App, called SchoolMate, is available for free download now in the App Store for iPhones and iPads and in Google Play for Android phones and tablets.

SchoolMate gives you a general overview of the Victorian curriculum in each subject at each year level and:

- Provides you with an overview of what your children are learning in each subject at each year level according to the Victorian curriculum (AusVELS)
- Provides you with tips regarding activities and things you can do at home to help your kids in each subject and year level
- Suggests apps, books, events and activities related to each subject area and year level.
Our school, like all other government schools in Victoria, uses AusVELS as the basis for the learning programs we run at school every day.

Our teachers adapt the curriculum to meet the needs of our students and community, for example, designing learning programs around what your children are interested in, or around days or celebrations that are important to our community.

SchoolMate is designed to give you an overview of what children are expected to learn in Victorian government schools across every subject from Prep to Year 10.

I encourage you to download SchoolMate and to please talk with your teacher or myself if you are interested to find out more about how our school teaches the curriculum.

FROM THE OFFICE

- **CSEF**
  The Camps, Sports and Excursions Fund have been provided by the Victorian Government to assist eligible families to cover the costs of camps, excursions and sporting activities. If you hold a valid means-tested concession card or are a temporary foster parent, you may be eligible for CSEF. The allowance will be paid to the school to use towards expenses relating to camps, excursions or sporting activities for the benefit of your child. The annual CSEF amount per primary school student is $125
  Please contact the school office to obtain a CSEF application form or visit our school website. The **closing date for submission of the CSEF form to the College is June 26.**

Funds will be sent to schools during Term 3.

Please see flyer below for further information.
Uniform Shop News

Uniform Shop opening hours are 8:30am to 9:00am (2nd Bell) and 3:15pm to 3:45 pm Mondays.

As we are currently in the process of renovating our uniform shop we will not have a dedicated changing area. If you would like to arrange a time to have your child try on uniforms, please feel free to use our trybooking facility. This will give families 15 minutes of uninterrupted time for your child to try on clothes with the assistance from a Uniform Shop volunteer!

The website to book an appointment is: www.trybooking.com/hlhs

Out of stock uniform items:
Hoodies - sizes 8, 10 and 12
Bomber jackets - size 10

We apologise for the inconvenience, these items will be available in term 3!

Thank you,
Sam and Rumaana

Reminder that any refunds or exchanges need to be done within 30 days of purchase.

I just wanted to add a quick thank you to the Uniform Shop volunteers who make efforts to assist the parents and children of the school. Your help is certainly appreciated!

Thank you!
Rumaana and Sam
Roster for Term 2

You can help out fortnightly, monthly, once a term or be on call.
Below is the roster for term 2. You can help out fortnightly, monthly, once a term or be on call.
Please contact Belinda Foster (djabf@tpg.com.au or 0413 308 978) if you can help.
