

Camelot Rise Primary School

Where Legends Begin

Dear parent/guardian,

Curriculum Contributions for 2023 Foundation

Camelot Rise Primary School is looking forward to another great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.

Within our school, your curriculum contributions have allowed us to provide students with enhanced digital learning opportunities and school improvements through:

- *the leasing and maintenance of new ICT devices*
- *the creation of a STEM and 'Green Room'*
- *the upgrade in resources and consumables for our STEM Program*
- *the installation of heating and air conditioning in the hall in 2023*
- *replacement of the synthetic grass on the netball and basketball courts in 2023*

Your financial support has also contributed to the purchasing of visual art resources, music and sporting equipment and are also able to offer the Bike Ed program, choir and lunchtime clubs. These activities all run alongside the traditional classroom teaching and learning programs and are important in providing a balanced and whole education for your child.

We want to thank you for all your support in making these payments and for the additional support you provide whether that is through fundraising or volunteering your time. This makes a huge difference to our school and the programs we can offer.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Matthew Coney
Principal
