### Principal's Report

### Parents onsite & COVID Guidelines

Last week, the Department of Education provided all schools with an updated Operations Guide, including COVID guidelines. Some changes have been made in this guide while others remain the same. The rules in relation to assemblies has not changed. The current guidelines state

## Assemblies, award ceremonies, and other large gatherings

*If an event is held **with external guests** (parents/carers/visitors) then the overall attendee limit (inclusive of guests, staff and students) must be based on available floor space of the venue; with the density limit of one person per two square metres applied.*

As a result of these guidelines not changing we are still unable to have adults / visitors attend assembly. We are aware that this is not ideal but we are bound by the guidelines from the Department of Education and Training.

All schools must continue with the Department of Health and Human Services & the Department of Education compliance guidelines of:

- 1.5 metre distancing between adults with masks worn if this is not attainable
- Limit of adult persons in a school space with a density limit of 1 person every 2 metres.
- Record of all adult persons on school grounds longer than 15 minutes

## NAPLAN Tuesday May 11th - Friday 14th May

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual assessment for students in Years 3, 5, 7 and 9, made up of tests in the four areas of:

- Reading
- Writing
- Language Conventions (spelling, grammar and punctuation)
- Numeracy.

At Camelot Rise Primary School, we take great pride and care in ensuring that our students are not overwhelmed by the suite of assessments that are comprised in the NAPLAN schedule. Whilst NAPLAN tests are an important system level component of the Department of Education, at Camelot Rise Primary School they are viewed as just another form of assessment in our ongoing process of monitoring student achievement.

In addition, students will also have an opportunity to familiarise themselves with the types of NAPLAN questions, layout and expected timeframes within which they are required to work for each of the test domains. We are confident that our well-considered preparatory procedures will enable your children to complete the NAPLAN assessment suite with minimal concern.

# Education Week- Building Connections! 24th - 28th May

Now in its 77th year, Education Week aims to positively profile and celebrate the strengths and achievements of Victoria's government education sector.

This year Education Week will be held at Camelot Rise on **Wednesday, 26th May**.

The theme 'Building Connections' focuses on how the community can act as a support network, support students' learning and development and enhance social inclusion.

Education Week is an opportunity for all primary and secondary schools, higher education, and early childhood services to showcase how they are building connections with the community around them.

As part of our Education Week celebrations we will be holding a **'Learning Expo'**.

These sessions will be held on **Wednesday, 26th May between 9.15am – 10.30am and 5.30pm – 7.00pm.**

During these times parents/grandparents/friends/community members will be encouraged to visit the classrooms and talk to their child/children about their learning.

People will be provided with a list of questions that will help initiate a conversation about your child's learning. These questions are:

- ***What are you learning? Why?***
- ***How are you doing?***
- ***How do you know?***
- ***How can you improve?***
- ***Where do you go for help?***

These questions will guide the conversations so you can see how our students can articulate their learning and why they are learning these skills/concepts. These questions are not compulsory but just a guide for parents.

A copy of these questions will be provided to all community members on the night so you are not required to memorise these!

The '**Learning Expo**' held between **5.30pm – 7.00pm will commence in the gym at 5.30pm**. Our night will commence with our choir performing a few songs. Also in the gym that night there will be stalls/displays set up by various local community groups displaying their products and services that are part of our community.

Parents and students will then have the opportunity to visit classrooms, our STEM Room and our Green Screen Room during our Learning Expo.

On the night there will also be a raffle and a coffee van and we encourage people to bring some coins/notes to purchase raffle tickets to support our school. This raffle will be drawn on the night.

***We look forward to seeing as many community members as possible at our Learning Expo on Wednesday, 26th May between 9.15am – 10.30am and 5.30pm – 7.00pm (This session will commence in the hall at 5.30pm).***

Any visitors that attend the school for any of our Learning Expo sessions are required to scan the QR codes that will be located on our school gates and at various locations around the school.

During our Learning Expos there will be limits to the numbers of people in the hall and classrooms at any time. There will be a CRPS staff member recording the numbers of people in the hall to ensure we stay within COVID – 19 guidelines. To enable the school to monitor the number of people in the hall at any time we will only have the door closest to the basketball court open. Class teachers will monitor numbers within their classrooms.

We thank you for your support and understanding.

## Congratulations

Congratulations to Ben (Football) and Goran (Tennis) who have made it through it to the Regional Trials for the Victorian teams in their respective sports. We wish them all the best at the next stage of this exciting journey.

## Excursions

With upcoming excursions, we will be asking parents to consent to sharing your child's name and a contact number with the excursion venues in line with the recommendations that have been communicated by the Department of Education and the Department of Health. Please see the information below:

*Some excursion venues are required to collect contact details and are responsible for managing record keeping for contact-tracing in line with current public health directives. Most venues are required to use electronic record keeping that connects with an Application Programming Interface (API) linked provider or a digital system provided by Services Victoria. The Department of Health has strongly recommended that a contact number for each individual student is provided. A school phone number alone is not considered sufficient. Providing contact details for individual students will expedite contact tracing so that individuals can be contacted by the Department of Health if required. Parents/carers/guardians are advised that, when required, the school will be providing excursion venues with contact details for students. The phone number on school file for the student will be provided as the nominated contact number. Venues will be collecting student names and contact phone numbers for a legitimate purpose and are subject to Victorian privacy laws so will handle the information securely and only retain it for the required 28-day period.*

## Assistant Principal's Report

### **Learning Together**

#### Consent

With the issue of consent being on the news and the front page of newspapers recently, the following articles may be of assistance.

*Following the March 4 Justice rallies families have been urged to talk to their children about consent. Many parents are unsure where to start and how to go about it. Here are some ideas to assist parents in this most important topic.*

#### Start the consent ball rolling from an early age

*Consent education begins with adults teaching and modelling respectful treatment related to children's development stages. Holding discussions about body boundaries, checking in with feelings, respecting the feelings and voices of others, and listening to children's*

*concerns are the types of behaviours that will help you develop a culture of respect in your family.*

*Is your home a place where children can talk about any topic? Sexuality and relationship education are subjects that many parents place in the 'let's talk about this when you are older' basket.*

*Professor Kerry Robinson, who is in the School of Social Sciences and Psychology and the Sexualities and Genders Research Network at Western Sydney University advises parents to be factual when answering children's questions, emphasising the importance of staying informed about the subject kids are interested in.*

*In a recent article in The Guardian, she said "... have set it up early with your child that when they talk about certain things you give open, simple, honest answers, then you set a precedent that you can build on."*

*Professor Robinson also advises parents not to fob off children's questions: "Straight away you're setting a pattern of not answering and putting it off. Kids learn really quickly that this is a taboo subject. They will talk to their friends about it: they won't talk to their parents and other adults about it because it's taboo."*

## Teach no means no

*Children learn about mutual consent through their play and sharing. A child who doesn't want to share their toys has a right to be left alone, rather than being scolded to change their mind. A parent who withdraws a privilege in response to a teenager's poor behaviour shouldn't be subjected to repeated attempts to negotiate a different outcome. Reinforce with children and young people that a no is not an invitation to ask again.*

## Emphasise choices

*The biggest lesson to reinforce for children and young people is that they have a choice in how they behave, and how they react. The young person who blames alcohol for sexual assault has neglected the role that choice plays in their decisions. Blaming alcohol, the dress or the demeanour of another person are older versions of 'it's not my fault because he/she made me do it' that children so often use when asked to account for poor behaviour.*

*Framing behaviour as a choice is a central consent strategy for children or all ages. A young child who shares a toy with a friend can be told, "Good choice Harry. Now you can have fun together." A primary school child who completes their homework assignment early can be reminded "Now you've got plenty of time to relax. Smart choice." The teenager who quietly helps you prepare a meal can be told, "You could have done anything after school, but you chose to help me. I appreciate that."*

## Teach kids to seek consent

*While teaching kids the right to say no is a central consent message, children and young people should also develop the habit of seeking consent from others. "Ask your sister if it's okay for you to play that game next to her." "Ask grandma if she feels like a cuddle right now." Permission-seeking is another piece in respectful relationships puzzle that you can reinforce with kids.*

## Model consent

*The use of consensual language is a community concern. A grandparent may need to be respectfully reminded to ask young children if they'd like a kiss or hug. Similarly, a relative should abide by a young child's wishes if they ask them to stop tickling or playing with them. A doctor should ask a child, "I'm going to take your temperature. Is that okay?" It's up to adults to frame requests in ways that children feel safe and comfortable.*

## Fathers step up

*Dads can't leave consent and sexuality education to mothers, which still appears to be the case in many families. Fathers can help their daughters develop the confidence to say no by regular interactions with their daughters and encouraging them to be assertive. If they feel comfortable telling you to stop a game, they are more likely to feel comfortable saying no to other males in their lives later in life. Open the door to conversations about sexuality, relationships and consent with your teenage daughter, and she'll know she has a willing ally in you.*

*Fathers can model respectful behaviours for their sons through their treatment of women at home, and in the community at large. Start the by calling out displays of derogatory behaviour towards women by men or young people. Reinforce in your sons that they the standard of behaviour they ignore is the standard of behaviour that they accept. There are many powerful lessons that boys can absorb from their fathers.*

## In closing

*The best age to start teaching your children about consent is when they are young. The second-best age is whatever age they are right now. Consent education is too big an issue to ignore or leave to schools to manage. It's something we all have to commit to if we want real change to occur. M Grosse*

Caitlin Fitzsimmons (senior writer for the sun Herald on social affairs) also recently penned a number of questions, providing some answers to the many complex issues surrounding consent. If you missed it, the following is a small snippet.

*...When should you start talking to children about consent and how do you explain it to young kids?*

*You can't really start too young but you need to tackle it in an age-appropriate way. The concept of consent is broader than sexual consent, so learning about it should predate sex education. This gives children an intuitive understanding of consent they can later apply to sexual encounters as teenagers or adults. It's also an important child protection tool – very young children need to be able to recognise when someone is behaving inappropriately towards them and have the confidence to share that with a parent or carer or another trusted adult.*

*Explain to your children that they are the boss of their own body and that other people are the bosses of their bodies – that's why you can't hurt other people or force them to do things. Children learn by observation so it's important to model consent. For example, if you're playing a tickling game, stop when they ask you to stop. If they don't want to hug their uncle or kiss grandma, don't force them. If they don't want to play football in the yard with their siblings, it's OK to say no.*

*"Sometimes the reason why people go along with things when they really don't want to is because they just don't know how to manage the peer group pressure or the interpersonal pressure."*

*Relationships Australia chief executive Elisabeth Shaw says developing these boundaries is a "fabulous resource" for learning how to stand your ground later in life...*

## Announcing The 2021 Whole School Production

Camelot Rise Primary School is excited to announce this year's  
Whole School Production

### Reality Cheque

7:00pm

**Reality Cheque is an original production. It is based on an ultimate reality TV show that has the contestants take part in different challenges from various shows whilst all levels perform. It will leave you singing and bobbing in your seats whilst you take a trip down memory lane as you watch our talented Camelot Rise Primary school students shine on stage.**

**Let the countdown to our production begin!**

## Congratulations

Congratulations all Level 5 & 6 students and teachers who participated in the production cast, audition process last term. It took a lot of courage to step out of the comfort zone and present in front of a panel. Well done to all those students who took on the challenge. There were many talented and creative students who demonstrated their passion and their love for Performing Arts at CRPS.

The cast rehearsals have begun and will run every Wednesday, Thursday and Friday in the Performing Arts room at lunch time. We look forward in watching the cast flourish in their roles.

**Congratulations to the following students who have a cast role in our 2021 CRPS school production 'Reality Cheque'.**

## Kaboom

Last week all students took part in a Music incursion presented by Kaboom. The show featured an exciting blend of music and science presented with fascinating home-made and recycled percussion instruments. All students were an integral part of this interactive performance as the presenters used students use body parts as percussion to explore the different rhythms and grooves to create music. Lots of fun!

## Victorian High Ability Maths Program Term 1 2021

On the 21st April, Camelot Rise welcomed thirty budding maths students from Glen Waverley South, Burwood East and Highvale Primary School for a final maths masterclass. Students spent half the day cracking codes and investigating number patterns with peers that they met in their online VHAP course during Term 1. Congratulations to our fifteen Year 6 students who showed amazing collaboration and teamwork skills! They have proudly represented our school throughout his 10 week program.

## ANZAC Day Service

Last Friday 23rd April, Syd (Saulty) from Waverley RSL came out to hold our ANZAC Day service in remembrance of those Australian and New Zealand Armed Forces who have fought and died for their country.

I was so very proud of the respectful and attentive way that the students sat throughout the service.

Syd commented that it was the quietest, most polite school he has attended in his 25 years of running these services - high praise indeed.

Lest We Forget.

# Community News

## Camelot Rise Community Association meeting

The next Camelot Rise Community Association meeting will be held in the Conference room on Monday 10th May at 2:30pm. We will be organising the school disco and discussing future events. Anyone from the school community is welcome to come along.

## Memory Walk & Jog - Fundraiser for Demementia

On Sunday, May 2nd, Zofia and Maiya participated in a 6.5km walk and jog event and raised a total of \$2197 for Dementia Australia. They thoroughly enjoyed themselves and are very proud of what they have achieved. They can't wait to do it all over again next time. What a great effort, girls!

## Primary School Wear (PSW)

Wearing school uniform fosters pride in our school, encourages children to identify with the school and feel a sense of belonging. It also assists with supervision and safety on visits out of the school, and unifies students from varying social and cultural backgrounds.

Primary School Wear (PSW) now produce and sell our school uniform.

As from 9:00am Friday April 30, 2021 PSW will have a new location  
342-350 Springvale Rd Glen Waverley 3150

For PSW uniform information, online ordering and click & collect services click [HERE](#)

NEW!! Winter is coming! Camelot Rise is ready with a new beanie available for purchase at the PSW outlet or online. Stay warm this winter.

## Playgroup at Camelot Rise

To enhance our very successful Foundation Transition program, Camelot Rise is looking to operate a parent-based Playgroup within our school. This is very exciting news for our school and our local community.

This will provide the opportunity for local families to connect with the school while engaging in informal social interactions with their own children as well as other parents and children. Our playgroup is aimed to help families have fun, relax within the school setting and build friendships that last beyond the playgroup.

What we are looking for is a willing and enthusiastic parent who would be interested in being involved in this program. This parent would provide a vital link between our parent community and the Playgroup but needs to do nothing more than be a friendly, welcoming face to our playgroup sessions. No qualifications are needed as the school will oversee all the required paper work to ensure we can run a Play Group at Camelot Rise Primary School.

We anticipate that the playgroup will run for one session a week, for one and a half hours on a Wednesday morning.

This initiative is supported by Monash Council and the Camelot Rise School Council. The Monash Council will assist with the development of the program and will be facilitated by Jo Hewett.

Jo Hewett will be the staff member working with this group and will be doing all the 'behind the scenes work' to ensure that the weekly playgroup sessions are successful and provide a great experience for the children and their families.

If you have any queries or would like further information, please email Jo at [joanne.hewett@education.vic.gov.au](mailto:joanne.hewett@education.vic.gov.au) or [playgroup@camelotrise.vic.edu.au](mailto:playgroup@camelotrise.vic.edu.au)

## How to Reset Compass Password

If you require assistance with logging into Compass, you may have tried your password more than 3 times and Compass will lock you out of the system as a security measure. Please wait approximately 30 minutes and try again.

If you are still not able to remember the correct password and are needing your password reset, you can do this via the Compass login screen.

By clicking this option you will be stepped through a series of questions including a request to enter your current email or mobile phone number. Compass will use the information to forward the reset details so you must be able to access your email / mobile phone. **Please note**, Compass will use the existing primary email or mobile on file for that user account for verification before completing a password reset for the user. If the mobile or email that they enter does not match what is on file they will not be able to proceed. For instances where it is Parent B of an account attempting to reset the password, the system will require Parent A's email/mobile as these details are considered the primary details for the household account.

If, after waiting 30 minutes and following the 'Can't access your account' instructions, please call or email the school office and we will attempt to assist you.

## Scholastics Book Club

**Unfortunately we only received a limited supply of pamphlets for the next issue. If you would like to order please refer to the link below. sorry for any inconvenience.**

<https://www.scholastic.com.au/media/6036/bc321.pdf>

Scholastic aims to give every child access to quality books and learning materials, and create literacy-rich homes, schools and communities throughout Australia.

To help achieve this goal, Scholastic Rewards were created as a form of currency as a way to give back to schools.

Every time you participate in a Scholastic offering, your School is being rewarded!

For example, for every Book Club order that you place, Scholastic gives back 20% of your total order spend to your school as Scholastic Rewards.

Scholastic gives away millions of dollars in Scholastic Rewards each year, helping to stretch countless school and classroom budgets further.

In doing so, educators have access to an extensive range of resources and cross-curriculum products to help their students reach their highest potential.
