

Camelot Rise Primary School Newsletter

Issue 8 · 01 Jun 2021

Our vision is to be a connected community, learning, growing and achieving together. Our Purpose is to maximise student learning through building a desire for personal excellence, a high sense of self-worth and a love of learning. Camelot Rise Primary School is committed to implementing a culture of child safety, inclusive of all school environments, in and outside of school hours and practices zero tolerance of child abuse.

Principal's Report

Creating enhanced Science, Technology, Engineering and Maths (STEM) environments

As Camelot Rise continues to strive toward maximising every learning area and the potential for student growth, one of our latest endeavours has been the creation of a new digital learning space: The Green Room. This new space utilises current technologies, including iPads and netbooks, to create brand new learning opportunities for staff and students, allowing for enhanced digital presentations and STEM exploration. Our Green Room has

been created where our previous uniform shop used to be. It is great that we were able to convert this space into a vibrant and engaging learning facility.

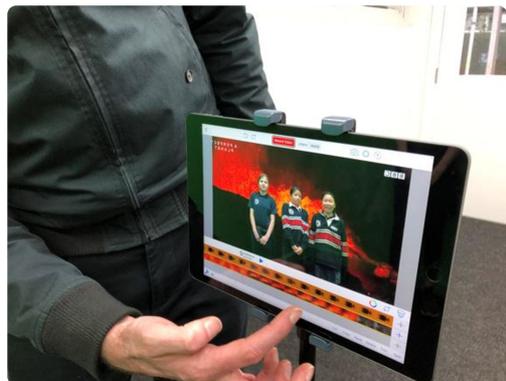

On May 24-26, students from Foundation to Year 6 received their first opportunity to step into the digital world of green screen recording. Students interacted with each other on a variety of digital backgrounds, both still and moving. They created stories to bring their writing to life, reports that express knowledge with visual aids, linked learning with science and inquiry, and even experimented with some special effects for those budding movie stars!

Opportunities for further learning abound. Creative juices are flowing. Student engagement is surging upward. We are all very excited to add this new element to our school and look forward to watching our students thrive within it.

All classes access the STEM room on a weekly basis and as part of these weekly lessons' students will continue to use the Green Room to develop their digital technology skills.

Thanks to the talented Mr Simon Judkins who has been the driving force behind this initiative and has worked with the students and staff to produce our first videos.

We will continue to post a sample of these videos on our website, Facebook and Instagram page (for those students that have parental permission for this to occur).

Flexible and Remote Learning

We are thrilled with the first day of our 'Flexible and Remote Learning'. Students have been able to log into class meetings, attend English, Maths, Inquiry and Specialist lessons with teacher guidance and support throughout the day.

We are hoping that all students will return to school on Friday, however, if this does not occur we know that we have a teaching and learning model in place that ensures our students continue to learn, they remain engaged and connected to their peers and their teachers.

We would like to thank the Camelot Rise Primary School Community for their support during these times.

Our new Year 5 / 6 Sports Uniform for 2022 and beyond

At our May School Council meeting it was decided to introduce a 'Year 5 / 6 Sports /Physical Education' (PE) Uniform. This will become part of our school uniform in 2022 and beyond.

This is not an essential item and children are not required to wear these tops to participate in their Sporting events or PE classes, however, it would look great if the vast majority of our students are wearing these tops.

We have noticed over the last few years the majority of primary schools do have a 'Sports / PE uniform' and they look great. We believe that by having a 'Sports / PE Uniform' our students will look the part and develop a greater sense of pride when wearing our school colours and representing our school. These uniforms will be available to be purchased later in the year throughout PSW, our school uniform supplier.

The students in Years 4 & 5 had a choice of five designs to choose from and they voted the following design as their selection. This is another example of 'student voice' at Camelot Rise Primary School.

These uniforms can be worn by students on the following days:

- Physical Education classes
- Sporting events
- Interschool Sports
- House Sport events

Thanks to School Council for approving this exciting new addition to our school uniform.

Our new Year 5 / 6 Sports /Physical Education Uniform in 2022 and beyond

Student reports and Student / Parent / Teacher (Three-way conferences)

Our student reports will be 'live' on Compass on Friday, 18th June at 3.30pm. Our Student / Parent / Teacher interviews (Three-way conferences) will be held on Thursday, 24th June between 3.45pm – 8.00pm. These interviews will be held either 'online' or 'onsite' depending on what the rules are at that time. We will keep you informed closer to the date.

Education Week – Building Connections! – Change of date!

Now in its 77th year, Education Week aims to positively profile and celebrate the strengths and achievements of Victoria's government education sector.

Due to our current lockdown situation we will be celebrating our Learning Expo at Camelot Rise on **Thursday, 15th July**. This is the first week of Term Three!

The theme 'Building Connections' focuses on how the community can act as a support network, support students' learning and development and enhance social inclusion.

Education Week is an opportunity for all primary and secondary schools, higher education, and early childhood services to showcase how they are building connections with the community around them.

As part of our Education Week celebrations we will be holding a '**Learning Expo**'.

These sessions will be held on **Thursday, 15th July between 9.15am – 10.30am and 5.30pm – 7.00pm.**

During these times parents/grandparents/friends/community members will be encouraged to visit the classrooms and talk to their child/children about their learning.

People will be provided with a list of questions that will help initiate a conversation about your child's learning. These questions are:

- ***What are you learning? Why?***
- ***How are you doing?***
- ***How do you know?***
- ***How can you improve?***
- ***Where do you go for help?***

These questions will guide the conversations so you can see how our students can articulate their learning and why they are learning these skills/concepts. These questions are not compulsory but just a guide for parents.

A copy of these questions will be provided to all community members on the night, so you are not required to memorise these!

The '**Learning Expo**' held between **5.30pm – 7.00pm** will commence in the gym at **5.30pm**. Our night will commence with our choir performing a few songs. Also, in the gym that night there will be stalls/displays set up by various local community groups displaying their products and services that are part of our community.

Parents and students will then have the opportunity to visit classrooms, our STEM Room and our Green Screen Room during our Learning Expo.

On the night there will also be a raffle and a coffee van, and we encourage people to bring some coins/notes to purchase raffle tickets to support our school. This raffle will be drawn on the night.

We look forward to seeing as many community members as possible at our Learning Expo on Thursday, 15th July. between 9.15am – 10.30am and 5.30pm – 7.00pm (This session will commence in the hall at 5.30pm).

Any visitors that attend the school for any of our Learning Expo sessions are required to scan the QR codes that will be located on our school gates and at various locations around the school.

During our Learning Expos there will be limits to the numbers of people in the hall and classrooms at any time. There will be a CRPS staff member recording the numbers of people in the hall to ensure we stay within COVID – 19 guidelines. To enable the school to monitor the number of people in the hall at any time we will only have the door closest to the basketball court open. Class teachers will monitor numbers within their classrooms.

We thank you for your support and understanding.

Regards,

Matthew Coney (Principal) and Ben Heys (Acting Assistant Principal)

From the Assistant Principal

Assistant Principal's Report

Maintaining kids' mental health during the coronavirus pandemic

by Michael Gross

While there are concerns about the negative impact of physical isolation is having on children's learning, we should also be concerned about their mental health. Teachers and health professionals report that the strain of physical isolation is starting to show for many children and young people. Any anxiety and fear they experience is heightened by isolation from friends, lack of access to their usual sports and leisure activities and a lack of certainty about the future.

In these challenging times kids' mental health needs to be a high priority. The following plan laid out by the experts at Parenting Ideas will show you how to lay a solid foundation for good mental health, and outline key behaviours that will help build the resilience and psychological strength that kids need in these difficult times.

Build the foundations for good health

A healthy diet, plenty of exercise and good sleep patterns are basic to good physical and mental health. Get the foundations right and you establish optimum conditions for your child

to flourish even in difficult circumstances.

Eat a healthy diet

The 'healthy body, healthy mind' mantra that we grew up with needs to be updated to 'healthy gut, healthy brain'. Recent research has revealed the links between a child's gut health and good mental health. Kids who experience anxiety and depression typically have imbalances of adrenaline (which keeps the brain alert) and GABA (which calms the brain down), that can be rectified with good gut health.

A framework for healthy eating includes eating real rather than processed foods, consuming small and regular meals, starting each day with protein and complex carbs, drinking plenty of water and keeping kids away from caffeinated drinks.

Get plenty of exercise

Exercise not only promotes good mental health. It's also a tool that kids can use to manage their mental states. Exercise and movement send endorphins through their bodies improving mood and relieving tension and stress. Exercise and movement relaxes the muscles and reduces feelings of anxiety that build up over time.

A framework for exercise includes starting the day with some movement, taking regular movement and game breaks, finishing the school day with movement that gets their limbs moving and hearts pumping.

Maintain good sleep patterns

The benefits of good sleep patterns are immense and far-reaching, impacting kids' learning, memory and emotional stability. Sleep restores the brain to optimum conditions and rejuvenates the body, allowing hormone levels elevated during the day to return to normal. Consequently, sleep-deprived kids experience greater anxiety doing routine tasks and have a propensity for pessimistic thinking, which is associated with anxiety and depression.

A framework for good sleep patterns includes finding an optimum bedtime; creating a regular, relaxing routine, eating and exercising at the right time, creating a sleep sanctuary and getting up at regular times each day.

Add the pillars of good mental health

Mental health is complex and is impacted by many factors including a child's social and emotional wellbeing. The following four pillars have an insulating effect on your child's mental health, acting as circuit-breakers when life becomes difficult and complex.

Maintain social connection

As social beings we long for connection to others and a sense of belonging to groups. While time alone can be restorative, sharing experiences, thoughts and stories with others is absolutely essential to your child's happiness and wellbeing.

A framework for social connection includes one-on-one time with family members and other loved ones, having shared family experiences to confirm a sense of belonging, having shared time and experiences with peers from school and the neighbourhood, and a connection with the broader community through shared experience, cause or goal.

Stay in the present

The human mind is restless, taking us all over the place. It can make us feel happy recalling memories of loved ones or happy times and it can also drive insecurity connecting us to events in the past or future that fill us with dread, and make us feel anxious. Kids' wandering minds need to take a rest and settle in the present, stopping their mental chatter, giving them the chance to relax. Mindfulness is an essential mental health tool that enables children to keep their minds in the present moment, allowing them to feel safe and secure.

A mindfulness framework includes regular mindfulness exercises, doing one thing at a time, using mindfulness during an anxious moment, practising self-kindness and forgiveness.

Enjoy yourself at play

The term 'child's play' is demeaning to children and dismissive of the place of play in our lives. Play is absolutely critical to our happiness and wellbeing. Borrowing from the work of Dr. Brene Brown, play is defined as any activity that's fun (therefore highly anticipated), free (that is, self-directed) and involves flow (we don't want it to stop). Play helps kids manage anxiety and depression as it lifts their mood and is therapeutic by nature.

A play framework includes space and time for play, child-initiated activities, a mix of lone play and group activity, some social or physical risk may be involved.

Spend time in nature

Recent studies highlight what we already knew – that time spent in natural environments benefits our happiness, our sense of wellbeing and reduces stress and tension. The rejuvenating benefits of time spent in the bush or by the sea may be difficult to acquire during times of physical isolation but walks to the park, spending time under a favourite tree or even bringing some green shrubs inside have proven to be just as beneficial to children's mental health.

A time in nature framework includes management and reduction of screen time, exposure to natural environments in the neighbourhood, bringing the outdoors inside, and spending some time each day outdoors.

Practise protective behaviours

Our daily habits contribute to our wellbeing and mental health. Some habits such as spending too much time in front of a screen may be detrimental. There are a number of behaviours, when practised continuously, build our resilience and resistance to daily difficulties. These include:

Keep foundation behaviours

Routine behaviours such as waking at the same time, having breakfast, exercising, showering and dressing get us ready for the day ahead. They underpin productivity, learning and wellbeing. Remove the structure provided by these foundation behaviours and many children and young people struggle, particularly those who are prone to anxiety and depression.

A foundation behaviour framework includes morning routines and rituals to prepare for the day, after school and evening wind down routines, and routines that prepare children for sleep.

Practise deep breathing

Recognition of the benefits of deep breathing dates back to ancient Roman and Greek times when deep belly breathing was used to rid the body of impurities. Modern science informs us that deep breathing instantly engages our capacity to relax and stay calm. When a child becomes anxious or fearful their breathing becomes shallow. Taking deep, slow breaths when they become overwhelmed by anxiety is the quickest way to return to a calm state. Deep breathing has great preventative powers helping the mind stay in a state of focus and calm.

A deep breathing framework includes practising deep breathing spontaneously throughout the day, combining deep breathing with mindfulness practice, using deep breathing to restore energy when tired, and breathing deeply during an anxious moment.

Check in on feelings

If children and young people are not tuning into their emotions they are missing a rich vein of information that will assist decision-making, learning and importantly, their wellbeing. It's relatively easy to tune into behaviour and our thoughts, but much harder to detect our emotions. The skill of emotionally checking in, developed by Prof. Marc Brackett from the Yale Centre for Emotional Intelligence, helps children and young people to identify how they are feeling at any given time. It requires kids to stand still, close their eyes, take some deep breaths, identify and give a name to their feeling. This simple habit of checking, once practised and learned is a wonderful life skill to acquire.

Looking after your child's mental health may seem like a mystery at times. But there is a great deal we can do. By laying a foundation for good general health and then working at maintaining the pillars of mental health and teaching kids the protective mental health behaviours you provide them with a solid framework for maintenance of good mental health that they can take into adulthood.

Whole School Production

Reality Cheque

7:00pm

Reality Cheque is an original production. It is based on an ultimate reality TV show that has the contestants take part in different challenges from various shows whilst all levels perform. It will leave you singing and bobbing in your seats whilst you take a trip down memory lane as you watch our talented Camelot Rise Primary school students shine on stage.

Let the countdown to our production begin!

Curriculum News

Visual Arts

Level 5/6 Students in Visual Arts put their fine paper skills to work and created these beautiful origami lanterns with a hidden message for their mum.

Students applied nontraditional painting techniques to paint tsunami and fire 3D sculptures.

EAL

During Education Week Mrs Burgess' EAL students had a special treat. They watched How To Train your Dragon to tie in with their imaginary animal unit.

Student Awards

Student of the Week Merit Awards

Date: Friday 21st May, 2021

Class	Student	Achievement
FJ	Logan	In recognition of the care and effort he puts into all aspects of his learning. Logan is always keen to learn more and challenge his brain. Well done, Logan
FL	Phoebe	In recognition of being a kind and caring class member who always practises the school value of respect. Great job Phoebe.
1S	Charles	In recognition of your ability to explain your thinking and understanding when telling the time to quarter to and quarter past. Great effort!
1/2M	Paris	In recognition of fantastic brainstorming when creating a poster about verbs.
2CM	Jessica	In recognition of being friendly, courteous and kind, both in the classroom and outside. You are an asset to 2CM.

3H	Araleha	In recognition of the outstanding job she did identifying text features in a non-fiction text during our scavenger hunt in Reading.
3BM	Sean	In recognition of the way you help your classmates with their coding questions. You are always happy to share your knowledge and assist them whenever asked. Thank you Sean!
4J	Savindu	In recognition of his focus during work times. Savindu always works hard and puts his best efforts into what he does. What a great example you are, Savindu. Well done!
4WT	Kelly	In recognition of the effort she puts into her class work each and every day. You ask questions to make sure you understand the task and work hard to meet the set expectations. Keep it up!
5HA	Alicia	In recognition of always having a responsible attitude to all her learning especially showing a keenness to improve her coding skills. She is always willing to help in class and share her work and ideas with her peers. Fantastic Alicia!
5Y	Finn	In recognition of his conscientious attitude to all aspects of his schooling. Keep up the great work!
6N	Pierson Belle	In recognition of the way you took on board feedback given about your narrative draft and improved your writing. You developed your characters further and reorganised your story into paragraphs. Keep up the good work In recognition of your well-written narrative, <i>Extraordinary</i> . You demonstrated your ability to describe your characters and setting effectively and use a range of sentence lengths to engage your reader. Great work!
6Y	Snaan	In recognition of his openness to receiving feedback about his narrative and constantly striving to improve as a writer.
6Y	Jamil	In recognition of his willingness to receive help in editing his narrative and consistently striving to improve his punctuation.
PERFORMING ARTS		In recognition of
VISUAL ARTS		In recognition of

PE	Ethan 4WT Sierra 4 J	In recognition of the wonderful encouragement and support you displayed towards your peers when participating at the Athletics Day. Great, work, Ethan! In recognition of the wonderful attitude and resilience you displayed when competing in the hurdles event at the Athletics Day. You were very courageous, Sierra.
FRENCH	Bolen FJ	In recognition of his excellent written work, particularly writing about his favourite colour and illustrating so effectively. Fantastique, Bolen!
Specialist Trophy:	6Y for working responsibly in all specialist classes this week.	

Student Leadership

GRIP Leadership Conference

Last Tuesday the school captains and school vice captains attended the GRIP Leadership conference at the Melbourne Convention Centre. They were up early and on a train at 8am and have joined thousands of other primary school leaders.

School events

WESA District Cross Country

On a beautiful spring day the WESA District Cross Country event was held at Jells Park. 60 students from our school competed over 6 events. Thank you to staff and parents who helped and supported on the day. The students were amazing and pushed through a difficult course. We now have 14 students who will compete at the Monash Waverley Division Cross Country at a date TBC. Good luck to all competitors!

Learning Expo - Postponed - New date

Thursday 15th July between 9.15am – 10.30am and 5.30pm – 7.00pm.

Canteen helper required

We are in need of volunteers with Working with Children checks to help out with window sales in our school canteen. The canteen is open from 1:00pm-1:45pm on Wednesdays and Fridays. If you are interested in volunteering please contact Apana 0419940331 or Kerry in the school office 98035344
Thank you for your assistance.

Sport dates Term 2

Wednesday 2nd June Monash Waverley Division Cross Country (Selected 3-6 students)

Postponed - New date TBC

Tuesday 15th June Eastern Metro Region Cross Country. (Selected 3-6 students) Postponed -

New date TBC

Camelot Rise Community Association meeting

The next Camelot Rise Community Association meeting will be held in the Conference room on Tuesday 8th June at 2:30pm. We will be organising the school disco and discussing future events. Anyone from the school community is welcome to come along.
can't wait to do it all over again next time. What a great effort, girls!

Primary School Wear (PSW)

Wearing school uniform fosters pride in our school, encourages children to identify with the school and feel a sense of belonging. It also assists with supervision and safety on visits out of the school, and unifies students from varying social and cultural backgrounds.

Primary School Wear (PSW) now produce and sell our school uniform.

As from 9:00am Friday April 30, 2021 PSW will have a new location
342-350 Springvale Rd Glen Waverley 3150

For PSW uniform information, online ordering and click & collect services click [HERE](#)

NEW!! Winter is coming! Camelot Rise is ready with a new beanie available for purchase at the PSW outlet or online. Stay warm this winter.

Playgroup at Camelot Rise

To enhance our very successful Foundation Transition program, Camelot Rise is looking to operate a parent-based Playgroup within our school. This is very exciting news for our school and our local community.

This will provide the opportunity for local families to connect with the school while engaging in informal social interactions with their own children as well as other parents and children.

Our playgroup is aimed to help families have fun, relax within the school setting and build friendships that last beyond the playgroup.

What we are looking for is a willing and enthusiastic parent who would be interested in being involved in this program. This parent would provide a vital link between our parent community and the Playgroup but needs to do nothing more than be a friendly, welcoming face to our playgroup sessions. No qualifications are needed as the school will oversee all the required paper work to ensure we can run a Play Group at Camelot Rise Primary School.

We anticipate that the playgroup will run for one session a week, for one and a half hours on a Wednesday morning.

This initiative is supported by Monash Council and the Camelot Rise School Council. The Monash Council will assist with the development of the program and will be facilitated by Jo Hewett.

Jo Hewett will be the staff member working with this group and will be doing all the 'behind the scenes work' to ensure that the weekly playgroup sessions are successful and provide a great experience for the children and their families.

If you have any queries or would like further information, please email Jo at joanne.hewett@education.vic.gov.au or playgroup@camelotrise.vic.edu.au

You can now Decline events on Compass

If for some reason your child is unable to attend an event there is now a Decline button on Compass. Please use this function if required for future events.

Year 1/2 Push and Pull Forces Incursion
 Thursday, June 24th 2021, 11:00 am - Thursday, June 24th 2021, 2:45 pm

Download Paper Form

Decline Event

1 Event information

Description and educative purpose

The Year 1/2 students will celebrate our focus on push and pull forces through this hands-on toy incursion. Students will experience and understand push, pull, gravity and rotational inertia being lead by our visiting educators from Labcoat Learning. Each class will participate in a 50 minute session, drawing together our focus in STEM and Inquiry throughout Term 2.

How to Reset Compass Password

If you require assistance with logging into Compass, you may have tried your password more than 3 times and Compass will lock you out of the system as a security measure. Please wait approximately 30 minutes and try again.

If you are still not able to remember the correct password and are needing your password reset, you can do this via the Compass login screen.

By clicking this option you will be stepped through a series of questions including a request to enter your current email or mobile phone number. Compass will use the information to forward the reset details so you must be able to access your email / mobile phone. ***Please note***, Compass will use the existing primary email or mobile on file for that user account for verification before completing a password reset for the user. If the mobile or email that they enter does not match what is on file they will not be able to proceed. For instances where it is Parent B of an account attempting to reset the password, the system will require Parent A's email/mobile as these details are considered the primary details for the household account.

If, after waiting 30 minutes and following the 'Can't access your account' instructions, please call or email the school office and we will attempt to assist you.

<https://www.facebook.com/Camelot-Rise-Primary-School-162137937140017/>
camelotriseps on Instagram

Camelot Rise Primary School invites you to join and follow our very own Facebook Group and Instagram page. As a school community, we are very keen for you to keep in touch with communications and to make connecting with our school convenient.

Enrolments are open for 2022

Enrolments for 2022 are now being accepted. Enrolment forms are available on the Camelot Rise Primary School website. Prospective families are encouraged to complete the forms and return them to camelot.rise.ps@education.vic.gov.au as soon as possible. We look forward to meeting you soon.

Scholastics Book Club

Closing Date for orders, recent issue Friday 11th June

Scholastic aims to give every child access to quality books and learning materials, and create literacy-rich homes, schools and communities throughout Australia.

To help achieve this goal, Scholastic Rewards were created as a form of currency as a way to give back to schools.

Every time you participate in a Scholastic offering, your School is being rewarded!

For example, for every Book Club order that you place, Scholastic gives back 20% of your total order spend to your school as Scholastic Rewards.

Scholastic gives away millions of dollars in Scholastic Rewards each year, helping to stretch countless school and classroom budgets further.

In doing so, educators have access to an extensive range of resources and cross-curriculum products to help their students reach their highest potential.

Classroom Cuisine

Lunch can be ordered online through the following Classroom Cuisine website on Wednesdays and Fridays.

<https://www.classroomcuisine.com.au/docs/menu-website.pdf>

Bread tags for Wheelchairs

We are collecting Bread tags for Wheelchairs!!!

Bring in your bread tags and put them in the Labelled tub at the office. They will be recycled by "Transmutation" a recycler in South Australia, who turns them into door knobs, coasters, bowls, cheese boards, clocks and pens, and is continuing to experiment with new products. The recycler donates money to "Bread tags for Wheelchairs", which is then used to buy wheelchairs for disadvantaged people in South Africa who need them.

Recycling Bread tags helps disadvantaged people and the environment, by reducing plastic waste.

Homework Club

Wednesdays 4pm – 5.30pm

*For more information on dates and costs, please see office staff or collect one of our brochures.

Looking for somewhere, for your primary school aged child to complete their homework with support from tutors in a friendly space free from distractions (like gaming devices). Our homework club provides a healthy afterschool snack, supervised access to computers, and tutors to support students to develop positive homework habits. Students must be signed in and out by a parent/ guardian.

Address: Kerrie Neighbourhood House
 36 Kincumber Drive, Glen Waverley VIC 3150

CHINESE MUSEUM

Now taking bookings for Mid-Autumn Festival School Program

Term 2: Mon 6 Sept - Fri 17 Sept 2021
 Term 3: Mon 6 Oct - Fri 29 Oct 2021
 Cost: \$17.50 per student

The Mid-Autumn Festival is a 2000-year-old tradition which the full moon is central to the day. This festival holds a fabulous family reunion, moon moon legends and traditional activities such as lantern making, riddle guessing and moon cake making and more plenty. **Suitable for primary and secondary learning levels.**

[Book Now](#)

Visit the Chinese Museum to explore history and culture

The Chinese Museum is a fun and educational day out for students of all ages. We are a resource specialist centre for students studying history, Chinese language and geography. Our hands-on programs offer students the opportunity to experience authentic Chinese culture activities, such as lantern making, riddle guessing and traditional Chinese music.

[Book an Experience](#)

Can't make it to the museum? We can bring it to you!

The Chinese Museum can come to you, with our **Virtual Museum: The Dragon's Egg**. This is our new e-learning program, comprising of one, two or three activities when you engage to the Virtual Classroom.
