From the Principal

Principal's Report

Welcome back to all our families. We hope you had a relaxing term break. It has been great to see students and teachers looking refreshed after the break and ready for a terrific term three.

We have many exciting events to look forward to in Term Three including:

- Our Whole School Production – 'Reality Cheque'
- French Specialist Day

- Learning Expo / Open Night
- '100 Days of School' for our Foundation Students
- Victorian High Ability Program
- Foundation Transition for 2022 Foundation students
- Snow trip for Year 5 & 6 students
- School Disco – Thursday, 5th August

We are thrilled to announce that we can proceed with our Learning Expo this Thursday night.

Education Week – Building Connections!

Now in its 77th year, Education Week aims to positively profile and celebrate the strengths and achievements of Victoria's government education sector.

We will be celebrating our Learning Expo at Camelot Rise on **Thursday, 15th July**. This is the date that was communicated to families last term.

The theme 'Building Connections' focuses on how the community can act as a support network, support students' learning and development and enhance social inclusion.

Education Week is an opportunity for all primary and secondary schools, higher education, and early childhood services to showcase how they are building connections with the community around them.

As part of our Education Week celebrations we will be holding a '**Learning Expo**'.

These sessions will be held on **Thursday, 15th July between 9.15am – 10.30am and 5.30pm – 7.00pm.**

During these times parents/grandparents/friends/community members will be encouraged to visit the classrooms and talk to their child/children about their learning.

People will be provided with a list of questions that will help initiate a conversation about your child's learning. These questions are:

- *What are you learning? Why?*
- *How are you doing?*
- *How do you know?*
- *How can you improve?*

- *Where do you go for help?*

These questions will guide the conversations so you can see how our students can articulate their learning and why they are learning these skills/concepts. These questions are not compulsory but just a guide for parents.

A copy of these questions will be provided to all community members on the night so you are not required to memorise these!

The '**Learning Expo**' held between **5.30pm – 7.00pm** will commence in the gym at **5.30pm**. Our night will commence with our choir performing a few songs. Also in the gym that night there will be stalls/displays set up by various local community groups displaying their products and services that are part of our community.

Parents and students will then have the opportunity to visit classrooms, our STEM Room, Specialist Rooms and our Green Screen Room during our Learning Expo.

On the night there will also be a raffle and a coffee van and we encourage people to bring some coins/notes to purchase raffle tickets to support our school. This raffle will be drawn on the night.

*We look forward to seeing as many community members as possible at our Learning Expo on **Thursday, 15th July**, between 9.15am – 10.30am and 5.30pm – 7.00pm (This session will commence in the hall at 5.30pm).*

Any visitors that attend the school for any of our Learning Expo sessions are required to scan the QR codes that will be located on our school gates, classroom entrances, the hall and at various locations around the school.

During our Learning Expo there will be a limit to the numbers of people in the hall and classrooms at any time. There will be a CRPS staff member recording the numbers of people in the hall to ensure we stay within COVID – 19 guidelines. To enable the school to monitor the number of people in the hall at any time we will only have the door closest to the basketball court open. Class teachers will monitor numbers within their classrooms.

We thank you for your support and understanding

Parent, Caregiver and Guardian Opinion Survey

Our school is conducting a survey to find out what parents think of our school. The Parent, Caregiver and Guardian Opinion Survey is an annual survey offered by the Department of Education and Training that is conducted amongst a sample of randomly selected parents. It is designed to assist schools in gaining an understanding of parents' perceptions of school climate, student behaviour and student engagement. Our school will use the survey results to help inform and direct future school planning and improvement strategies.

The annual School Staff and Parent, Caregiver and Guardian opinion surveys held in Term Three helps to measure school climate, student engagement and effective teaching practice known to influence student engagement and student outcomes.

The Parent, Caregiver and Guardian Opinion Survey, previously as the Parent Opinion Survey, will be available for parents, caregivers or guardians to complete online from **Monday 19 July to Friday 20 August**.

The survey will be available in several languages.

The survey results will be reported back to the school at the end of year at School Council. All information will be used to inform the 2022 Annual Implementation Plan.

Please speak to your Ben or I if you would like more information.

We are Learning Boards

All teaching teams have prepared their learning and teaching plans for Term Three. Teams have looked at the relevant Curriculum documents, student achievement data and student interests to determine what future learning is needed for all students.

These curriculum planning documents are displayed on our 'We are Learning' Boards that are displayed at the front office. These provide parents and students of what they will be learning in the upcoming term in all curriculum areas.

These documents have been shared with all parents via Compass in Term Three. We encourage parents to access these documents, so you know exactly what your children are learning in the classroom in all curriculum areas.

We have received excellent feedback from the community about this initiative as we share with parents exactly what learning is happening in the classes, so we develop a strong home / school partnership that enhances and promotes student learning and connectedness to school.

Our School Production – Reality Cheque!

There is a lot to look forward to across Term Three with our School Production high on our list of exciting learning opportunities. The production will be performed on Tuesday, 14th and Wednesday, 15th September during the last week of Term 3 at Monash University. All classes will once again participate in this production. This promises to be a real highlight for our school community.

Foundation 2022

If you have a child starting school in 2022 or have neighbours or friends with children beginning school in 2022, please be aware that our transition program will commence on **Friday, 30th July**. We hope to have all enrolment forms handed into the office and a good indication of numbers by the end of this month so that we can begin planning our staffing and programs for 2022. The first of our student transition sessions will be held on **Friday, 30th July** and we would ask that you let us know ahead of time if you will be attending.

A date for your Calendar: Curriculum Day - Term 3 Friday, 20th August

A reminder to parents that Friday, 20th August is a Curriculum Day at Camelot Rise PS.

Students are not required to attend school on this day.

All staff will be engaged in professional learning at school on this day.

Camp Australia will be operating on this day.

Keeping in Touch

Everyday Ben and I are on yard duty before and/or after school and this is a time we really enjoy, as we get to touch base informally with parents and students. Often, we are approached for a quick question, and we welcome these moments, as it's great to stay in touch. If you see us around, please come and say hello.

Matthew Coney

Community News

playgroup@CamelotRise

It is with great excitement that we can announce our playgroup@camelotrise will commence in Term 3. This is a fantastic opportunity for our school and local community to experience an informal play group session within the school grounds and provide the opportunity to develop social interactions for parents and children alike. We can all learn and grow together through play.

Sessions will be held on a Wednesday morning, from 9.00am – 10.30am in the Tydeman Arts Centre. These sessions are aimed at 3-4 year old children and provide the perfect transition into the school environment, however, all are welcome.

For further information or to register your interest call 9803-5344 or email Jo at playgroup@camelotrise.vic.edu.au

Camelot Rise Community Association Meeting

The next Camelot Rise Community Association meeting will be held in the Conference room on Monday 19th July at 2:30pm. We will be organising the school disco and discussing future events. Anyone from the school community is welcome to come along.

1 Event information

Description and educative purpose

The Year 1/2 students will celebrate our focus on push and pull forces through this hands-on toy incursion. Students will experience and understand push, pull, gravity and rotational inertia being lead by our visiting educators from Labcoat Learning. Each class will participate in a 50 minute session, drawing together our focus in STEM and Inquiry throughout Term 2.

How to Reset Compass Password

If you require assistance with logging into Compass, you may have tried your password more than 3 times and Compass will lock you out of the system as a security measure. Please wait approximately 30 minutes and try again.

If you are still not able to remember the correct password and are needing your password reset, you can do this via the Compass login screen.

By clicking this option you will be stepped through a series of questions including a request to enter your current email or mobile phone number. Compass will use the information to forward the reset details so you must be able to access your email / mobile phone. ***Please note***, Compass will use the existing primary email or mobile on file for that user account for verification before completing a password reset for the user. If the mobile or email that they enter does not match what is on file they will not be able to proceed. For instances where it is Parent B of an account attempting to reset the password, the system will require Parent A's email/mobile as these details are considered the primary details for the household account.

If, after waiting 30 minutes and following the 'Can't access your account' instructions, please call or email the school office and we will attempt to assist you.

Scholastics Book Club

Closing date for the latest issue 31st July

Scholastic aims to give every child access to quality books and learning materials, and create literacy-rich homes, schools and communities throughout Australia.

To help achieve this goal, Scholastic Rewards were created as a form of currency as a way to give back to schools.

Every time you participate in a Scholastic offering, your School is being rewarded!

For example, for every Book Club order that you place, Scholastic gives back 20% of your total order spend to your school as Scholastic Rewards.

Scholastic gives away millions of dollars in Scholastic Rewards each year, helping to stretch countless school and classroom budgets further.

In doing so, educators have access to an extensive range of resources and cross-curriculum products to help their students reach their highest potential.

Classroom Cuisine

Lunch can be ordered online through the following Classroom Cuisine website on Wednesdays and Fridays.

<https://www.classroomcuisine.com.au/docs/menu-website.pdf>

Bread tags for Wheelchairs

We are collecting Bread tags for Wheelchairs!!!

Bring in your bread tags and put them in the Labelled tub at the office. They will be recycled by "Transmutation" a recycler in South Australia, who turns them into door knobs, coasters, bowls, cheese boards, clocks and pens, and is continuing to experiment with new products. The recycler donates money to "Bread tags for Wheelchairs", which is then used to buy wheelchairs for disadvantaged people in South Africa who need them.

Recycling Bread tags helps disadvantaged people and the environment, by reducing plastic waste.
