**IMPLEMENTATION**

**Our Children:**

This policy is intended to empower children who are vital and active participants at this school. We will involve children when making decisions, especially about matters that directly affect them. We will listen to their views and respect what they have to say.

We promote diversity and tolerance at this school, and people from all walks of life and cultural backgrounds are welcome. In particular we:

- Promote the cultural safety, participation and empowerment of Aboriginal children.
- Promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds.
- Ensure that children with a disability are safe and can participate equally.

### **Recruitment:**

We take reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. When recruiting staff and volunteers we are aware that we have ethical as well as legislative obligations.

We actively encourage applications from Aboriginal peoples, people from culturally and/or linguistically diverse backgrounds and people with a disability.

### **Legal obligations:**

- All people engaged in child-connected work, including volunteers, are required to hold a current **Working with Children Check** and to provide evidence of this check.
- When employing staff we carry out **reference checks** and **police record checks**
- All teachers employed at this school must be registered with the Victorian Institute of Teaching.

### **Staff and Volunteers:**

This policy, as well as our **Child Safety Code of Conduct**, guides the school's staff and volunteers on how to behave with children in our organisation. All staff and volunteers must agree to the Child Safety Code of Conduct which specifies the standards of conduct required when working with children.

### **Training and Supervision:**

Training and education is important to ensure that everyone in our school understands that children are everyone's responsibility. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We support our staff and volunteers through ongoing supervision to:

- Develop their skills to protect children from abuse.
- Identify signs of potential child abuse
- Promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds and the safety of children with a disability.

New employees and volunteers will be supervised regularly. This is to ensure they understand the school's commitment to child safety and that everyone has a role to play in protecting children from abuse. It is also for the purpose of checking that their behaviour towards children is safe and appropriate with reference to the school's **Child Safety Code of Conduct**.

The school has protocols and procedures in place to enable all staff and volunteers as well as parents/carers and children, to raise any allegations of child abuse or child safety concerns.

Any inappropriate behaviour will be reported through liaising with the Principal/ Leadership team depending on the severity and urgency of the matter as well as appropriate channels which may include:

- The Department of Health and Human Services (DHHS) – Child Protection.
- Victoria Police.

### **Fair Procedures for Personnel:**

The safety and wellbeing of children is our primary concern. We are also fair and just to personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and evidence based,

We record all allegations of abuse and safety concerns using the forms:

1. Child Safety Incident Report form and/or
2. DHHS Child Protection/Police/Child FIRST Report
3. All records are securely stored.

If an allegation of abuse or a safety concern is raised, we provide updates to children and families on progress and any actions we as an organisation take.

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents or children, unless there is a risk to someone's safety. The school has safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it, and who will have access to it.

**Legislative responsibilities:** - This school takes its legal responsibilities seriously including:

- **Failure to disclose:** Reporting child sexual abuse is a community wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to police.
- **Failure to protect:** A person in a position of authority in an organisation will commit this offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.

### **Risk Management:**

In Victoria, organisations are required to protect children when a risk is identified. In addition to general occupational health and safety risks, this school proactively manages risks of abuse to children by reducing and removing these risks and follows the Child Safety Standards.

The school has risk management strategies to identify, assess and take steps to minimise child abuse risks which include risks posed by physical environments (for example doors that can lock) and online environments (for example no staff member or volunteer is to have contact with a child in organisations on social media).

The school's risk management includes:

- The **Child Safety Code of Conduct** – outlines acceptable and unacceptable behaviour with respect to child safety and child abuse. The Child Safety Code of Conduct is publically available.
- **Child Safety Officer.**
- Screening as part of the staff recruitment process.
- Sign in processes at the school office.
- Working with Children checks, Police Record checks, reference checks.
- On and off site supervision of children during recess and lunch breaks as well as 15 minutes before and after school.
- Staff carry mobile phones on excursions, camps and offsite events.
- ICT User Agreement for students and Social Media Policy.
- Teacher supervision of student internet usage and authorisation of the upload of material.
- Protocols to ensure children do not move around the school individually during class time.
- Out of bounds areas in the school to ensure that children are not placed at risk.
- Staff and volunteer training.

### **Allegations, Concerns and Complaints:**

Our school culture aims for all staff and volunteers as well as parents/carers and children to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns.

We are aware that some people from culturally and/or linguistically diverse backgrounds may face barriers reporting allegations of abuse or that for some communication in English may be a barrier.

We will endeavour to be sensitive to these issues and meet people's needs where possible.

If an allegation of abuse involves an Aboriginal child, we will endeavour to ensure a culturally appropriate response.

### **Child Abuse – 4 Critical Actions**

**This school takes all allegations seriously** and has practices in place to respond quickly and thoroughly. Our staff have been trained to deal appropriately with allegations, as well as how to support or assist children who disclose child abuse or are otherwise linked to suspected child abuse. In such situations the school will follow actions outlined in the school's action plan as defined by the DET ([www.education.vic.gov.au/about/programs/health/protect/Pages/schcritical.aspx](http://www.education.vic.gov.au/about/programs/health/protect/Pages/schcritical.aspx)).

**First and foremost, we will ensure that children are safe from harm** after which we will follow the procedures outlined in this document. This process includes making appropriate reports, following up and ensuring that children and any others involved receive appropriate support.

We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour. Such issues can be reported to:

- The Principal
- The Child Safety Officer (Assistant Principal)
- Teachers at the school

This can be done verbally. Additionally the school's **Child Safety Incident Report** should be completed and/or **DHHS Child Protection/Police/Child FIRST Report**. All information is considered confidential and written reports will be held securely.

**We all have a responsibility** to report an allegation of abuse if we have a reasonable belief that an incident took place (see information about **failure to disclose**).

**If an adult has a reasonable belief that an incident has occurred then they must report the incident.**

Factors contributing to reasonable belief may be:

- A child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves).
- Behaviour consistent with that of an abuse victim, is observed.
- Someone else has raised a suspicion of abuse but is unwilling to report it.
- Observing suspicious behaviour.

## **EVALUATION**

This policy will be reviewed as part of the school's three-year review cycle.

### **Regular Review:**

This policy will be reviewed every three years and following significant incidents if they occur.
