Production

Last night we had a wonderful night at South Oakleigh College. It was Avalon's night to perform for the school production, Toys Aren't Us- 'A Toyrrific Tale'. The audience enjoyed amazing singing, dancing and acting, the costumes were a real treat. Tonight is Chivalry's night, Wednesday we will see Galahad perform and finishing with King Arthur on Thursday night. Just a reminder to arrive from 5.45pm so students can get into costumes ready for a 7pm sharp start. Please also bring a card game, book/s or some colouring material to keep the students busy in the holding area.

School Values

We are very proud of our school community and the excellent attitude our students have towards learning. Every day the enthusiasm and focus our students show in their classrooms is excellent and they should be commended for this. Our community work hard to improve our school and keep a focus on making our school better for our students in many different ways. Whether it be helping in classrooms, attending committee meetings, helping at school events and project days or even attending special activities and parent nights held at the school. This all helps to build a strong sense of community, which Camelot Rise should be very proud of. We all have a responsibility to demonstrate our school values of Optimism, Respect, Responsibility and Resilience. As adults, it is not only our responsibility to promote and reinforce the school values with the children but demonstrate these important values ourselves. I would like to highlight a few important behaviours. It is very important that we are utilising optimistic language around our school, supporting the schools endeavours and modelling respectful behaviours by treating all members of the

school community in a polite and respectful manner. Please take the time to review and share the values document in this newsletter with your child / family. Staff are always looking to acknowledge students demonstrating exemplary school values. At assemblies our school vice captains hold a raffle to reward these students in front of the whole school community.

Leaving At the End Of 2017

If you believe that your child/ren may be leaving Camelot Rise at the end of 2017 (and not as a Grade 6 student), please let us know. Obviously, we do not want to see you go but understand changes in family circumstances; therefore, your early notification really will assist us with planning for next year.

Goodbye...

Term 3 and Term 4 are extremely busy for our school community. If parents need to see me to discuss any concerns, please call the school on 9803 5344 and an appointment time can be made or alternatively come to the school office for an appointment time to also be made.

Have a great week.

Student Safety

As we are getting closer to the end of what has been a very busy and productive term (not to mention a rather cold & wet one too!) it remains the responsibility of all of us, as teachers, as parents and for the students themselves, to help ensure that everyone remains safe and enjoys the reward of a fun and relaxing holiday in just under a fortnight's time. This is especially vital, given that we have our Production week this week, followed by Planning next in the last week of term, combined with the fact that students are usually already rather tired towards term's end.

With that in mind, we urge all families to have a talk about the following specific safety concerns related to the use of bicycles and scooters that have arisen recently and how parents and students can act in ways that minimise the risk of injuries or unpleasant incidents:

Riding to and from school

Each day, several students take the option of riding their bike or scooter to school, which is to be encouraged, as long as it is done so safely. Students from Levels 3 to 6 who are competent riders or scooterers usually ride or scoot, without being accompanied by an adult. For students in Foundation to Level Two that are riding to school, it is a requirement that they be accompanied by an adult. It is also critical that these younger students don't ride off ahead of the supervising adult, as it diminishes the level of supervision that can realistically be provided. Road safety authorities recommend that before the age of nine or ten years children should not ride a bicycle in traffic without adult supervision. Depending on their cycling skills and experience, some children over this age may still require supervision. Children under the age of twelve may ride on footpaths, as may a supervising adult. They are required to give way to pedestrians and to wheel their bicycles over pedestrian and children's crossings. Children aged twelve years or older are required by law to ride on the road.

Bikes and scooters in the schoolyard:

Those students that do ride or scoot to school must know and understand that they have a responsibility for their own safety, and that of others, on their journey to and from school. However, they also have a responsibility to themselves and others, to act safely once they enter the school grounds with their bike or scooters. Any student arriving at school on a bike or scooter must dismount at a safe distance from the school gate or school crossing area (around 10 metres), and then walk their bike or scooter to the bike rack. Similarly, those students who are riding or scooting home must also walk their scooter or bike all the way through the school until they have passed through the gate, after which they may mount their bike or scooter and make their way home.

Families whose children either ride or scoot to school are reminded that the law requires that they wear an approved bicycle helmet. Approved helmets have the Australian Standards Mark TM (AS/NZS 2063) and will be marked as suitable for cycling.

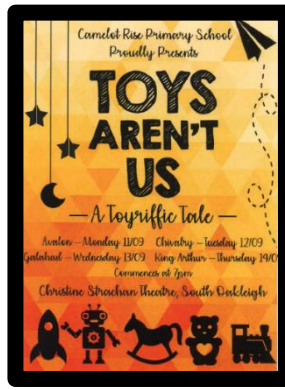

Once again, we look forward to your cooperation in regards to these important matters.

For more information about riding to school visit:

In primary school, some students **miss** on average **3 weeks** of school **per year**. That's **half a year** of school by the end of **year 6**.

EVERY DAY COUNTS

Primary school attendance

Going to school every day is the single most important part of your child's education. Students learn new things at school every day – missing school puts them behind.

Why it's important

We all want our students to get a great education, and the building blocks for a great education begin with students coming to school each and every day.

If students miss school regularly, they miss out on learning the fundamental skills that will set them up for success in the later years of school.

There is no safe number of days for missing school – each day a student misses puts them behind, and can affect their educational outcomes.

Each missed day is associated with progressively lower achievement in numeracy, writing and reading.

Getting in early

Attendance patterns are established early – a child regularly missing days in kindergarten or in the early years of school will often continue to miss classes in the later years, and receive lower test scores than their classmates. It's vital that students go to school every day – even in the early years of primary school.

What we can do

The main reasons for absence are:

Sickness – There are always times when students need to miss school, such as when they're ill. It's vital that they're only away on the days they are genuinely sick, and setting good sleep patterns, eating well and exercising regularly can make a big difference.

It's vital that holidays are planned during school holidays where possible, and not during the term if it can be avoided.

"Day off" – Think twice before letting your child have a "day off" as they could fall behind their classmates – every day counts.

Truancy – This is when students choose not to go to school without their parent's permission. There can be many reasons for truancy. The best way to address this is for schools and parents to work together.

If for any reason your child must miss school, there are things you can do with your school to ensure they don't fall behind:

- Speak with your classroom teacher and find out what work your child needs to do to keep up.

- Develop an absence learning plan with your teacher and ensure your child completes the plan.

Remember, every day counts. If your child must miss school, speak with your classroom teacher as early as possible.

Openly communicating with your child's school about all absences is a good way to prevent attendance issues being escalated to a School Attendance Officer. A School Attendance Officer is a Department of Education and Training Regional Director who has authority to follow up attendance issues. Attendance issues that are escalated can lead to an Infringement Notice.

If you're having attendance issues with your child, please let your classroom teacher know so we can work together to get your child to school every day.

For more information and resources to help address attendance issues, visit:

Family Holiday

Student is away on a family holiday.

Religious/Cultural Observance

Student is kept away from school for a religious or cultural reason.

INFLUENZA FACTS

Having the flu is even more likely if you have been in contact with someone who already has it, or have had some other type of exposure such as overseas travel to areas where flu outbreaks are occurring.

A doctor can only confirm whether you have the flu or another kind of virus after a nose or throat swab has returned positive results. The treatment is similar for any 'flu-like' illness, but a diagnosis is useful in helping health officials track disease patterns and frequency and will be required where complications have developed.

The most common symptoms of the flu are:

- sudden appearance of a high fever (38 °C or more)
- a dry cough
- body aches (especially in the head, lower back and legs)
- feeling extremely weak and tired (and not wanting to get out of bed).

Other symptoms can be:

- chills
- aching behind the eyes
- loss of appetite
- sore throat
- runny or stuffy nose.

Uniform Shop News

Dear Families of Camelot Rise Primary School,

Over the past year, our School Council has discussed at length, the implementation of our school uniform with the new logo. We have asked that all students be wearing uniform with the new logo by the beginning of the new school year in 2018.

We would like to thank all our families that have already purchased the new logo uniform and recognise that many families are choosing to wait until Term 4.

To support the transition to the new logo uniform the school is offering an exchange of either a long or a short-sleeved polo shirt at a discounted rate. The offer is available in the last two weeks of Term 3: MONDAY 11TH SEPTEMBER - FRIDAY 22 SEPTEMBER INCLUSIVE.

The costs are LONG SLEEVED \$20.20 and SHORT SLEEVED \$17.50

Danielle Macleod, Linda Bett and 6BM have looked into the recycling of old uniforms and they can be recycled free of cost through H&M in Eastland and Chadstone. Parents can drop off garments directly at the Eastland or Chadstone stores. When you donate, you will also receive a 15% off voucher for H&M with a max of two vouchers per person per day. Alternatively, all old logo uniforms can be dropped off at 6BM's classroom. There are also collection boxes in the Library, Uniform shop, Unit B & D and 4H.

If you have any questions about any of this please ask,

Ms Helen Thomas

CRPS old uniform recycling drive

Each year tonnes of clothes and textiles end up in landfills, but as much as 95% could be used again. 6BM have decided to run a clothing donation drive for all the old Camelot Rise School uniforms what will not be worn again in 2018 when new uniform changes take effect.

With some research, we have discovered that the clothing company H&M has a garment collecting initiative, which has been created to decrease clothing waste.

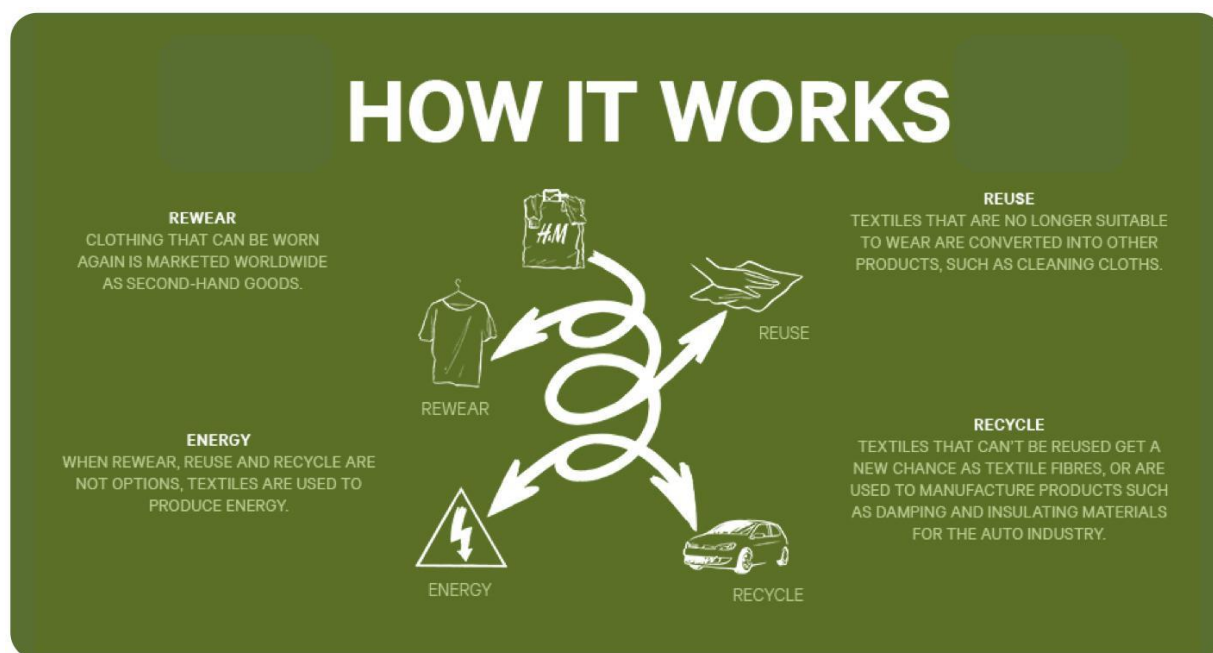

6BM along with the Uniform Shop are running clothing drive where you can donate your old school uniforms and any other unwanted clothes. They will then be taken to a H&M store to be donated for recycling.

You will be able to donate your old school uniforms along with any other unwanted clothes and they will be taken to an H&M store to be donated for recycling.

Once the old garments have been dropped off in a store, the company I:CO collects and sorts them into three categories:

- Rewear – clothing that can be worn again will be sold as second hand clothes.
- Reuse – old clothes and textiles will be turned into other products, such as cleaning cloths.
- Recycle – everything else is turned into textile fibres, and used for things like insulation.

We will be running this drive from Week 8 of Term 3 until Week 8 of Term 4.

Marked boxes for collections will be located in the Library, Uniform Shop, Unit B, Unit D, 6BM & 4Hs classroom.

Every donation made will receive a raffle ticket to win a 15% off voucher to H&M. There will be a number of vouchers to be won. This will be drawn at the end of Term 4.

Thank you for your support

Walk to School is back

Every October, Walk to School encourages Victorian primary school kids to walk, ride or scoot to and from school. It's a great way to help students earn healthy habits and achieve the recommended 60 minutes of physical activity, every day.

Along with the health benefits, active travel options to and from school reduces traffic congestion, save on parking and helps the environment. Therefore, it is great for the entire school community.

Cake Stall Info

Our school has traditionally run a Bunnings BBQ as a way to raise funds within the wider community. This year we have decided to run a cake stall instead! Our cake stall will be held on **Saturday 28th October** and we hope this will be just as successful as the BBQ.

Each family will be provided with a paper plate in a plastic bag with a label to attach. Feel free to make extra items! Each item must have the full list of ingredients used and, due to health regulations, cannot include custard or cream. (Ingredients label on our website) We will be needing helpers to bake items and to sell on the day. Information about a volunteer roster for the day will come out closer to the event

Tuning in to Kids

Emotionally Intelligent Parenting

A six session parenting program for parents of children aged 4 to 11

Would you like to learn how to:

- be better at talking with your child?
- be better at understanding your child?
- help your child learn to manage their emotions?
- help to prevent behaviour problems in your child?
- teach your child to deal with conflict?

Tuning In to Kids shows you how to help your child develop emotional intelligence. Children with higher emotional intelligence:

- have greater success with making and keeping friends
- have better concentration at school
- are more able to calm down when upset or angry tend to have fewer childhood illnesses

Emotional Intelligence may be a better predictor of academic and career success than IQ!

Gifted Talented Education in your local community!

A new Centre for Gifted & Talented Education has been established at **Upwey Primary School** starting in **Term 4 2017**.

The importance of gifted children having an opportunity to learn with other gifted thinkers has been recognised in gifted research. Join Born to Soar as we share with you our '**One Day School**' gifted program.

We welcome you to our **FREE Parent Information** evening outlining the Born to Soar philosophy where you can ask questions about the program and more importantly about gifted education as it relates to your child. All parents are welcome from the surrounding community to hear about our gifted and talented program aligned to the Australian Curriculum.
